ORIGINALS

MARTIN MILLERS (ENGLAND & ICELAND)

The world's most awarded gin of the last ten years. Our personal favourite for a classic G&T.

Botanicals: Coriander, Angelica, Lime Peel, Licorice Root, Nutmeg, Cassia Bark and Florentine Iris.

THE EXE GIN (EXE VALLEY, DEVON)

A traditional Dry London Gin with a velvety smoothness inspired by the scenery and wildlife of Exmoor to Exmouth. Delicately infused and traditionally distilled using a pot still. It has a great balance of spices and zesty citrus flavours.

Botanicals: 12 botanicals including Juniper Berries, Lemon peel, Orange, Orris Root Powder and Licorice Root Powder. This Gin is heavy on the Licorice which creates sweetness and also heavy on Grapefruit which is what gives it its punchy citrus flavour.

LANTIC GIN (LOSTWITHIEL, CORNWALL)

Wild floral botanicals which are indigenous to the Cornish coastline are responsibly foraged within walking distance of the distillery to create this unique gin.

Botanicals: 15 botanicals are used to create this gin - 9 carefully researched customary gin aromatics and 6 locally foraged Cornish botanicals - Rock Samphire, Gorse Flowers, Water Mint, Heather, Lemon Thyme and Apple Mint.

BLUE ANGEL ROCK GIN (ROCK, CORNWALL)

A craft gin named in honour of Rock Gin owners' dog, Blue. Distilled and bottled by hand in small batches using pure Cornish spring water.

Botanicals: Juniper Berries, Oris Root, Coriander Seed, Angelica Root, Lemom Peel, Orange Peel, Pink Pepper, Celery Seed, Grains of Paradise, Blue Gardenia Flower.

DECK CHAIR GIN (BRIXHAM, DEVON)

Distilled in small batches just a stone's throw from the sparkling waters of the English Riviera, where generations of holiday makers have enjoyed perfect sunny days relaxing in a deck chair beside the seaside.

Botanicals: Juniper, Coriander, Orange Peel, Orris Root, Licorice Root, Angelica Root, Cardamom Seeds.

BEACHCOMBER GIN (LYMINGTON, NEW FOREST)

A silky sweet gin we recommend is served simply on it's own over a load of ice and a slice of Orange zest.

Botanicals: Gentle citrus notes from a fine selection of 10 botanicals which include Sweet Orange Peel, Lemon Peel, Fresh Lime Zest and Kaffir Lime Leaves.

WRECKING COAST (TINTAGEL, CORNWALL)

Fresh Cornish clotted cream, cold distilled under vacuum is combined with twelve botanicals to give you a three dimensional flavour profile - bright juniper and citrus on the lips, vanilla and floral hints with underlying rooty notes are followed on the palate by warm spice with a subtle hint of creaminess on the finish.

Botanicals: Fresh Cornish clotted cream, Juniper, Coriander Seed, Grains of paradise, Lemon peel, Cinnamon, Licorice Root, Angelica Root, Camomile Flowers, Orris Root, Vanilla, Aniseed seeds, Cassia Bark.

TEN TOR GIN (CHUDLEIGH, DEVON)

A truly small batch gin, prepared in batches of not more than 50 bottles. Ten traditional gin botanicals are added to freshly foraged seasonal botanicals. Depending on the time of year these can include gorse flowers, pine needles, heather and wild water mint. Ask us to find out more about our current bottle.

Botanicals: Juniper Berries, Coriander Seed, Sweet Orange Peel, Bitter Orange Peel, Lemon Peel, Angelica Root and a couple of secret ones! Being seasonal means the foraged seasonal ingredients reflect what is going on in the hedgerows, fields and woodland.

THUNDERFLOWER GIN (TEIGNMOUTH, DEVON)

A true-craft gin, distilled and bottled by hand in very small batches at a nano-distillery in Devon. A smooth gin with a bold, complex character that balances herbaceous notes with a warm aromatic spiced finish.

Botanicals: Macedonian Juniper, English Coriander, Green Cardamom, Pink Peppercorns, Licorice Root, Angelica Root, Elderflower, Sage, Cassia Bark

GIN JAR CHROMOSOME 16 (CHEDDAR, SOMERSET)

Family man and red-headed entrepreneur, Chris, was inspired by his very own mutated genome so much that he opted to create a gin worthy of the Chromosome 16 name. The C16 gin is a classic, all-grain London dry style gin with a juniper lead and zesty citrus notes which acts as an established gin base for the rest of his collection

Botanicals: Juniper, Angelica, Cardamom, Orange peel, Lemon peel, Cubeb berry, Licorice

FLAVOURED

SCARLET MACAW GIN, RASPBERRY (CHUDLEIGH, DEVON)

Dartmoor Spirits have taken the distillery's original vapour distilled Ten Tor Gin and infused it with raspberries for 24 hours. The result is a fruity burst of flavour and a rosy pink hue.

BEEFEATER GIN, PINK STRAWBERRY (KENNINGTON, LONDON)

The classic Beefeater London Dry - the world's most awarded gin - with a vibrant and delicious strawberry taste.

GIN JAR TWISTED RANGE (CHEDDAR, SOMERSET)

Gin Jar Chromosome 16 twisted with delicious flavours...

Burnt Orange

Red-headed distiller, Chris, has created a gin brand based on his very own mutated genome. His classic London dry is blended with rich burnt orange botanicals which give a bold citrusy taste. The oranges are oven baked which gives a complex, bittersweet depth of flavour.

Elderflower

Another delicious and delicate gin from the Gin Jar Ltd collection is the Elderflower gin. Chris has expertly infused his classic London dry style gin with freshly picked elderflower to create smooth, floral gin which can be enjoyed all year round.

Rhubarb & Ginger

Gin Jar steeps fresh, tart rhubarb and spicy ginger in his classic London dry gin to create this tantalising rhubarb and ginger gin. Chris's flavour combination releases a crisp, fresh rhubarb edge with a warming spice of ginger on the tongue.
